Middle School Student's "Kill-List" results in charges

(Reedsburg, WI) Two Webb Middle School students with a list of other student's names entitled "Kill List" were apprehended by Reedsburg Police after the existence of the list was discovered by Middle School officials.

The thirteen year olds were removed from school and interviewed by Reedsburg Police. A threat assessment was conducted and the threat was considered to be low. There was no reference to any action to be taken and both students lacked the means to carry out any action. The list was originally snapchatted to another juvenile by the offenders and that juvenile notified school officials. Both students were released to their parents.

In addition to potential School District disciplinary action, both students will face charges of Terrorist Threats and Disorderly Conduct. Those charges will be forwarded to Sauk County Juvenile Court authorities.
